

## Public Engagement Funding Competition 2024/5 Final Report

Please complete the following report with no more than 200 words per section. This section should answer the questions clearly and concisely.

The details that you provide will be used to report to relevant funders and the University and Schools' Research and Innovation Committees. Some information may also be used in public engagement online and social media content.

1.	Name of all involved researchers
2.	Name of Public Engagement activity
3.	Please outline a brief summary of the main activities carried out as part of the project and describe if the original objectives for the project were achieved.
4.	Tell us about any evaluation you carried out as part of the project.
5.	Which type of audiences or participants engaged with your project? [please give details of community organisations/ schools/ heritage organisations etc]
6.	How many audience members/ participants took part in your engagement activity?
7.	Where did your engagement activity take place?
8.	When did the engagement activity take place (date)?
9.	How many hours of researcher(s)'s time was spent delivering the activity? [please only include delivery time, not all the preparation]
10.	Did your project lead to any resources that could be shared?
11.	How effectively do you feel you utilised the funding? How did the public(s) involved in the research, the researchers and the wider community benefit from your project?

12.	<b>Do you have any plans to develop future events or activities as a follow-on from this initiative?</b>
13.	<b>Please include any links about the project (including social media)</b>
14.	<b>If appropriate, please share any particular lessons learned from the project and/or provide other comments which you may have.</b>
15.	<p><b>We want to showcase some of the public engagement activities that have taken place as a result of this funding. To do this we are asking for a short summary (approx. 300 words) that may be posted to the RIE or PE blogs (or webpages). This will help highlight what our researchers have been involved in, but also helps future applicants see how the funding may be used. It also helps us connect with external partners who may be interested in our public engagement activities.</b></p> <p><b>(You might want to include why got you involved in the PE project, who it connected you with beyond the university, and what it meant for them, and what you saw as the main benefits to the project).</b></p> <p><b>Please write this section for a general non-academic audience.</b></p>

**Please show your actual spend (what you ended up spending) in the table below:**

DESCRIPTION	COST
<b>TOTAL COST</b>
