Achieving Professionalism module

# Supporting the development of professional person centred communication across the Nursing & Midwifery Programme

## Interpersonal Skills

"It helped me to think about how my actions can affect other people and how to appropriately relate to a patient in the workplace"  
2<sup>nd</sup> Year

"I will be more aware of my strengths and weaknesses and how to present myself in interview and as part of a team." 3<sup>rd</sup> Year

"I found it very informative. Really enjoyable. Gained lots of self awareness and importance of communication for a professional nurse"  
1<sup>st</sup> Year
