Module title: Welcome to CRT09101 Cartography Studies

Brief overview: The aim of the module is to provide theoretical and practical cartographical knowledge and skills, relevant to the needs of the industry and wider society.

Expectations: This module site is updated regularly with course materials and activities, and outside of the lectures and tutorials, email and Moodle will be used as the main forms of communication for this module, therefore check your University email regularly and login to Moodle for announcements.

Main contact: John Smith (module leader), Room A22, Sighthill, j.c.smith@napier.ac.uk (0131 455 7117).

Pages for detailed information:

- Contact information: Teaching team and office hours outwith the tutorials.
- Key module dates and timetable: Details of tutorial coursework hand-in times.
- Announcements

2&3

- ▶ Module Information
- ▶ Assessment & Feedback
- ▶ Unit 1: How maps shaped the earth
- ▶ Unit 2: Map printing techniques
- ▶ Unit 3: Mapping technologies
- ▶ Unit 4: Cartography and mathematics

4

▼ Unit 1: How maps shaped the earth

This unit is covered in week 2 (12th September)

Lecture 1: How maps shaped the earth

Print these skeleton slides to help your note taking in class.

History of maps

Completed slides uploaded after the class
