

Moodle – Video Assignments

The Moodle-OVS plugin allows students to submit a video to a Moodle Assignment. The submitted video is actually stored in the student’s OVS personal category that can only be accessed by the student when logging into the OVS with their University ID and password. The Moodle assignment allows the tutor to view the submitted video from the student’s personal category.

a) CREATE THE VIDEO ASSIGNMENT

1. Turn editing on and select the assignment from the activity chooser

2. Enter a name, a description and the availability dates.

3. Scroll down to the **Submission types** section and ensure on the **Video Assignment** option is selected. Ensure *File submissions* is **unchecked** to prevent videos uploaded to Moodle directly.

You may wish to check the settings in the **Feedback types**, **Notifications** and **Grade** sections. For example if you wish to provide video feedback then select the option.
