Familiar games vs complex designs

‘If you can’t explain the answer to the question, you probably need to go back and read up on the topic.’
Feedback

‘I loved the board game tutorial.’

‘You learnt more about various things in detail that you will need to include in your project but it was still enjoyable so didn't feel too hard.’
Next year …

‘I liked the board game we designed, but maybe we should have done it a bit earlier as we didn’t have the chance to play much.’

‘It would be really good in the first few weeks to get a bit of a better understanding of the layout and the things you need to include in the project.’
